GFR-12 A Controlling officer must see not only that the total expenditure is kept within the limits of the authorized appropriation but also that the funds allotted to spending units are expended in the public interest and upon objects for which the money was provided. In order to maintain a proper control, he should arrange to be kept informed, not only of what has actually been spent from and appropriation but also what commitments and liabilities have been and will be incurred against it. He must be in a position to assume before Government and the Public Accounts Committee, if necessary, complete responsibility for Departmental expenditure and to explain or justify any instance of excess or financial irregularity that may be brought to notice as a result of audit scrutiny or otherwise.

- b. Effective system of internal check exists for securing regularity and propriety in the various transactions including receipt and issue of stores etc, if any, and
- c. Satisfactory arrangement exists for systematic and proper maintenance of Account Books and other ancillary records concerned with the Initial Accounts.
